Bake Sale Starters Kit

Use this kit to make sure you have everything you need to have a successful bake sale!

.....

According to the U.S. Census Bureau, in July of 2016, the estimated U.S. population is 324,000,000. If someone is food insecure, this means that they do not have reliable access to a sufficient amount of healthy, yet affordable food. The latest government report (with statistics from 2014) shows the following hunger statistics (Coleman-Jensen):

- 14 percent of U.S. households (17.4 million households) were food insecure.
- 48.1 million Americans (32.8 million adults and 15.3 million children) lived in these food insecure households.
- 19 percent of U.S. households with children reported being food insecure.
- 5.6 percent of U.S. households (6.9 million households) had very low food security. This means that the food intake of some of these household members was reduced and normal eating patterns were disrupted at times during the year due to limited resources.

WHY HOST A BAKE SALE?

- A bake sale is an easy way to help spread awareness about the invisible problem in America: HUNGER.
- It's also an effective way to get kids involved with giving back to their community.
- Bake sales are fun, not expensive to host, and easy enough to plan.

HOW ARE THE FUNDS RAISED USED?

Funds raised through the End Hunger Now Bake Sale support Smiling Tummies programs/campaigns to end hunger in America:

- Teaching kids, adults, and families how to shop and cook healthy, affordable meals for everyone.
- Cover the costs of equipment, supplies, and food that help feed those in need.
- Fund new programs that will make an impact in our communities.

Bake Sale Location

Use this to make sure you choose the perfect location to have a successful bake sale!

In order to have a successful bake sale, the most important thing to keep in mind during your planning is location. Location is the key to success! Here are some suggestions for you:

Community Events

Is your community having an event soon? Maybe there's a 5k race, a yard sale, or parade where hundreds of people will get together. Contact whoever is in charge and see if they would be willing to let you have your bake sale.

Holidays

Valentine's Day, 4th of July, or any other holiday is always a great time to have a themed bake sale. Add hearts to your cupcakes or decorate in red, white, and blue to help celebrate.

School Events

Recitals, football games, and early release days will usually bring in the biggest crowds. Ask the school if you can have a bake sale during one of these events.

Shopping Center

Ask local supermarkets or stores if you can set up your bake sale in front of their store. These locations will usually bring in the biggest crowds.

Wherever you choose to host your bake sale, always make sure that you get permission first.
